KINDNESS TO ANIMALS

New York State's Schools Make Rapid Progress in Work.

The amount of education in human-itarianism being carried on in the behools in New York State is de-scribed in the annual report of Mrz Stella J. Preston, director of the de-partment of humans education of the A. S. P. C. A. The foundation for this instruction, she points out, was usual summer hegira to pay tribute to the memory of Abraham Lincoln and welcome a British admiral.

given illustrated talks on "Sugges-tions for Teaching Humaneness." Mrs. Preston points out in her report. A number of teachers conferences and institutes have also heard this lecture. In many of the larger cities of presenting humaneness in schools

Fourteen school principals in Brookfyn have volunteered to organize chapters of the Maxwell Training School Humane Club.

General Awakening.

"A plan has been accepted by the penartment of Education to include in the Americanization course for the adult foreign born, lectures illustrated with stereopticon sides depicting the origin and work of anticruelty societies. That there has been a marked change in the attitude of the ducational world toward the subject of humane education is evident to all who have watched its progress. This beems to be a part of the general awakening to the need for a greater

"The committee appointed by the American Humane Association to prepare a uniform humane education bill adaptable in all States made a report to the convention held in Philadelphia last October. Included on the bommittee drafting the bill were three well-known commissioners of education in December. Commissioner of education in December. Commissioner Tigert, not only indorsed the legislation, but he went even further by expressing himself as being more than ordinarily interested and willing to do all that his position will allow in advancing similar legislation throughout the country. With his indorsement added
